

THE DUX 303 FRAMELESS

A POWERFUL AND ELEGANT
FRAMELESS MATTRESS
WITH XUPPORT TOP PAD

The DUX 303 frameless has all the features of a DUX 3003 without an internal hardwood frame. Thousands of interconnected coils and Pascal, our customizable cassette system allow you to customize each side of the bed to your individual body shape and needs.

The DUX 303 Frameless is the perfect answer to those who may already have an existing bed frame or platform bed.

EXPERIENCE THE DUX DIFFERENCE

SWEDISH STEEL SPRINGS

At the heart of The DUX 303 Frameless is Swedish steel springs – nearly twice as many as an ordinary bed. More springs provide better contouring for your body, reducing pressure points which can help improve circulation.

EXTRA SUPPORT

The DUX 303 Frameless comes with our Xupport Top Pad. This 2.5 inch replaceable cotton covered latex top pad adds extra softness and cushioning.

SPRING MATTRESS

Spring mattress with latex, cotton filling and two layers of springs for the ultimate ergonomic, pressure-relieving comfort. Top layer features DUX’s proprietary continuous-coil system for unrivaled flexibility and support.

Works with all bed frames, platforms or bases with maximum 3” between slats.
