

# THE DUX AXION 15

COMFORT IN ACTION

The DUX Axion 15 combines the benefits of the DUX sleep system with the elevation capabilities of an adjustable bed. Its multi-layered Swedish steel springs offer the perfect combination of stability and support, while its dynamic, silent motor helps you settle into just the right height and angle. The DUX Axion 15 comes with our Xupport Top Pad and is presented in its own storage bag.

## EXPERIENCE THE DUX DIFFERENCE

### SWEDISH STEEL SPRINGS

At the heart of The DUX Axion 15 are Swedish steel springs. More springs provide better contouring for your body, reducing pressure points which can help improve circulation.

### FINGERTIP CONTROL

The DUX Axion 15's elevation can be easily adjusted with an ergonomic and user friendly handheld remote control that features softtouch night glow buttons.

### POWER TO SPARE

A 9-Volt battery enables you to return the bed to its original flat position in case of a power outage.

### EXTRA SUPPORT

The DUX Axion 15 comes with our Xupport Top Pad. This 2.5 inch replaceable cotton covered latex top pad adds extra softness and cushioning.

### NORTH AMERICAN SIZES

### NUMBER OF SPRINGS

### DIMENSIONS

Twin Long 38 x 80"	896	Leg Height (included with bed): 4 3/4" Total Bed Height (including legs): 21 1/4" Total Bed Height with Xupport Top Pad: 23 3/4"
